TO: Prof. Michael Wells
President of the
European Society of Pathology

Sofia, 26th January 2011

Dear Prof. Michael Wells,

The Bulgarian Medical Association together with the Bulgarian Pathology Association (BPA) would like to develop a Continuous Medical Education Program in the field of Clinical Pathology.

The Bulgarian Medical Association declares its full and complete support and responsibility for the establishment of a European School of Pathology (EscoP) in the same way as it was done in Romania, under the guidance and supervision of the European Society of Pathology.

Dr. Stoyan Alexov is Head of BPA and is entrusted with the representation of both the Bulgarian Medical Association and the BPA for this project.

Looking forward to a fruitful cooperation,

I remain,

Yours sincerely,

Dr. Cvetan Raychinov
President of Board
Bulgarian Medical Association
